

*It's a testament to one's unique taste, style, and  
appreciation for the finer things in life*

WELCOME

## The Essence of Aspiration

Driven by an unwavering desire to achieve greatness, you have always been captivated by the idea of creating a life that not only meets your ambitions but also reflects your unique taste and appreciation for the finer things. Your journey has been a testament to your dreams, nurtured through hard work and determination. As your career flourished, so did your aspirations for a home that matched your accomplishments.

Welcome to iWA by SRIAS Life Spaces & Magna Group. Here, ***You don't just Live – You Arrive.*** Designed by the world-renowned Japanese Architects Nikken Sekkei, iWA redefines the art of harmonious living, offering you a unique blend of luxury and tranquility.

# Crafted for the Discerning Taste

## A Lifestyle of Elegance and Refinement

At iWA, we cater to those who appreciate the finer things in life. Our residents share a common passion for elegance, sophistication, and a blissful lifestyle. Here at iWA, find not just a house, but a home where every detail reflects your personal taste and style. From exquisite design details to meticulously curated amenities, every aspect of iWA resonates with a commitment to quality and an appreciation for beauty.

# The Concept of iWA

A Life of Perfect Harmony Awaits...

“IWA” is a fusion of two words: “I” symbolizing the Indus River, the cradle of India’s ancient civilization, and “WA” meaning harmony in Japanese. This blend signifies the convergence of Indian and Japanese design, inspired by the Khajaguda heritage rock formation. The concept seamlessly blends cultural and geographical influences, creating an architectural experience that embodies both traditions.

## Inspired by Nature, Crafted for Elegance

Nestled in the gentle embrace of nature's marvels, where time has etched stories upon the Khajaguda heritage rock formation, iWA is prudently brought to life through the collaboration of Nikken Sekkei and the meticulous craftsmanship of SRIAS Life Spaces and Magna Group. This residential township invites you to embark on an extraordinary journey where the essence of the land intertwines with the dreams and aspirations of those who call it home. Come, ***Live, Gather, and Play*** at the sacred heart of Hyderabad.

## Designed by Masters

**NIKKEN**  
EXPERIENCE, INTEGRATED

### About Nikken Sekkei

Nikken Sekkei, the architect firm behind iWA, is a renowned Japanese architectural, planning, and engineering firm. As the world's second-largest architectural practice, they bring over 115 years of experience in creating meaningful experiences. Their integrated approach ensures excellence across architectural design, urban planning, research, and consulting. Experience their vision through iWA and discover true craftsmanship.

## SRIAS Life Spaces – Transforming Cityscapes

### About SRIAS Life Spaces LLP

Welcome to SRIAS Life Spaces, a pinnacle company of SAS Infra, Hyderabad's leading developer transforming cityscapes and lives. Committed to enriching life spaces, we create iconic addresses with world-class construction quality and state-of-the-art amenities. Our dedication to sustainable development uplifts living standards and sustains community well-being. Join us in building the epitome of modern living with iWA.

### About Magna Group

Founded in 2009 as Magna Infratech, The Magna Group has evolved into a distinguished name in the real estate industry with over a decade of expertise. Over the years, our commitment to delivering top-notch residential and commercial projects has earned us a reputation for excellence. In the span of just ten years, The Magna Group has successfully completed and delivered 13 premium projects, to a total of 3 million square feet of meticulously planned and executed projects, each standing as a testament to our dedication to innovation and customer satisfaction. Our journey is marked by a relentless pursuit of excellence, and we take pride in having become synonymous with trust and reliability in the real estate sector.

## A Prime Location

### Puppalaguda-Nanakramguda: The Heart of Hyderabad

Located in the most happening place in Hyderabad, iWA offers proximity to key infrastructure and amenities, making it an ideal place for the long haul. Right next to Puppalaguda is the ORR, connecting you to the airport, highways, and other key facilities.

## Your Dream Home Awaits

### An Unmatched Experience

Imagine waking up in a home where every detail is designed to enhance your lifestyle. The spacious living areas offer freedom from the confines of typical urban apartments, providing a sense of openness and tranquility. The state-of-the-art design and aesthetics create a serene ambiance that is both modern and timeless. As you step onto your balcony, you are greeted by uninterrupted views of lush greenery and heritage rock formations, a daily reminder of the natural beauty that surrounds you.

Living at iWA means embracing a life of luxury and exclusivity. The extensive amenities are designed to cater to your every need, from relaxing in an exquisitely landscaped garden to enjoying a refreshing swim in the pool. Here, you can celebrate freedom in expansive open spaces, indulge in premium facilities, and immerse yourself in a community of like-minded individuals who value elegance and harmony. Your dream home at iWA is not just a place to live, but a sanctuary where every moment is a celebration of life's finest pleasures.

## Site Master Plan

Discover the blueprint for your ideal lifestyle at iWA, where innovation meets serenity in every corner.

*Prelude to Elegance*

## Fifth Floor/Terrace:

- Swimming Pool

# Unit Plan Concept

## Spatial Expansion

Opening the central space in the unit in a linear way allows for more daylight and ventilation to penetrate the living spaces. Living Room, Dining Room and Sitouts have been located here as the heart of the unit.

## Views And Privacy

One of the main design strategies for the unit layout, is the idea of curated experience. By solidifying side walls and allowing more transparency in the front and back, provides privacy from near by towers and focuses on a more direct experience of the views.

# Vastu Compliance

An architectural rendering of a proposed parkway bridge. The bridge, with a wooden deck and metal railings, spans a multi-lane highway. To the left, a steep, rocky hillside is covered in lush green trees and a winding wooden boardwalk. To the right, a modern high-rise building with orange and white facades stands next to a landscaped area with palm trees and a playground. The background shows a city skyline under a clear sky.
